TOWN WARRANT  
THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the Town of Pittsfield, in the County of Merrimack in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the TOWN HALL in said PITTSFIELD on Tuesday, the THIRTEENTH day of MARCH, 1984 at TEN of the clock in the forenoon and at the GREENLEAF AUDITORIUM at EIGHT of the clock in the evening to act upon the following subjects:

ARTICLE #1. To choose all necessary Town Officers for the year ensuing. (Polls shall open at 10:00 AM and not to close before 6:00 PM).

ARTICLE #2. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or any other Governmental unit or private source which becomes available during the year in accordance with the provisions set forth in RSA 31:95-b. Such authorization to include the purchase of property with the aforementioned funds.

ARTICLE #3. To see if the Town will vote to authorize the Selectmen to sell, rent, or lease any or all property acquired by Tax Collector's Deeds, or any other source, and to administer said property as they deem in the best interests of the Town.

ARTICLE #4. To see if the Town will vote to authorize prepayment of property taxes and to authorize the Tax Collector to accept prepayments as provided by RSA 80:52-a.

ARTICLE #5. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of 1984 taxes, the same to be repaid with that year Levy.

ARTICLE #6. To see if the Town will vote to require the Selectmen to provide and furnish written minutes of all public meetings and hearings associated with Town functions, and to require the Selectmen to retain and maintain for public view all minutes for such public meetings and hearings for a period of not less than ten (10) years from the date(s) of such public meetings or hearings. (By Petition)

ARTICLE #7. To see if the Town will vote to require the Town Moderator to recognize the Chairman, Pittsfield Budget Committee, or his designee, prior to recognition of any other persons, for the purpose of presenting Budget Committee recommendations relative to appropriations of moneys for payment of Town expenses. (By Petition)

ARTICLE #8. To see if the Town will vote to appropriate and authorize the withdrawal from Federal Revenue Sharing Funds for use as set-offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any action hereon:

A. Financial Audit for Fiscal Year 1983	\$ 5,000.00
B. Highway Truck- 1 ton - 4 x 4	20,000.00
C. Capital Reserve Fund-Highway Equipment	10,000.00
D. Capital Reserve Fund-Municipal Building-Renovation/Construction	7,000.00
E. Capital Reserve Fund-Police Cruiser	3,500.00
(RECOMMENDED BY THE BUDGET COMMITTEE)	<u>\$45,500.00</u>

ARTICLE #9. To see if the Town will vote to authorize the establishment of the following Capital Reserve Funds contingent upon the approval of the use of Revenue Sharing Funds:

A. Highway Equipment	\$10,000.00
B. Municipal Building-Renovation/Construction	7,000.00
C. Police Cruiser	3,500.00
(RECOMMENDED BY THE BUDGET COMMITTEE)	

ARTICLE #10. To see if the Town will vote to raise and appropriate the sum of NINE THOUSAND DOLLARS (\$9,000.00) for the purpose of dust control on the dirt roads using calcuim chloride  
(NOT RECOMMENDED BY BUDGET COMMITTEE)

ARTICLE #11. To see if the Town will vote to raise and appropriate the sums of money recommended by the Budget Committee to defray Town expenses for the year ensuing or pass any motion related thereto.

ARTICLE #12. To see if the Town will vote to amend the Municipal Ordinance to add the following chapter:

#### Preamble

For the purpose of ensuring compliance with the applicable state statutes and regulations and town ordinance establishing standards for the construction of residential and commercial buildings within the Town of Pittsfield and for reasons of public health, safety and general welfare, the Board of Selectmen hereby enact the following ordinance by authority conferred by Chapter 41, Section 8, New Hampshire Revised Statutes Annotated, and by every other authority thereto enabling.

### 1 Districts

For purposes of this ordinance the entire Town of Pittsfield is considered as a single, undivided district.

### 2 General Provisions

2.1 Application. All persons must obtain a "Building Permit" from the Board of Selectmen before commencing the construction or erection of any type of commercial or residential building or structure or additions thereto.

2.2 Road Requirements. No building permit will be issued for construction on any Class VI road that is closed subject to gates and bars; nor on any non town maintained road, private or public, unless such road is constructed or reconstructed to state TRA specifications or such specifications designated by the Town of Pittsfield.

### 3 Specific Provisions

In order to obtain a Building Permit, the following requirements must first be met:

3.1 Application. Filling out and submitting to the Board of Selectmen an application form for a Building Permit.

3.2 Approval by Health Department. Approval by the Board of Health and Health Officer of plans for sewage disposal.

3.3 Site Plan Required. Filing with the Board of Selectmen of a site plan showing in reasonable detail boundaries, existing structures, the location of the proposed construction, the location of existing and proposed sewage disposal systems and the location of any sources of water, including town water, any wells, streams or surface water.

3.4 Sewage System Approval. Filing with the Board of Selectmen a copy of the approval by the New Hampshire Water Supply and Pollution Control Commission for the proposed sewage disposal system together with a copy of the plans submitted to the Commission for approval.

3.5 Additional Requirements. All sewage disposal systems must conform to the requirements established by the Commission. Where the public health and welfare may be involved, the Board of Health may require additional construction in addition to the requirements of the Commission.

3.6 Other Construction. All other construction without water or sewage, such as sheds, garages and similar construction shall require a site plan unless such construction is an addition to an existing structure.

3.7 Conversions. Conversion of existing structures to residential or commercial use or expansion of existing residential or commercial structures shall require a Building Permit if the conversion or expansion involves the creation of additional living units with additional use of water and the existing sewage disposal system.

### 4 Driveways

4.1 Definition. Any proposed access road from any lot of land to a public road, to be used for any type of vehicular traffic.

4.2 Approval Required. Written approval, hereinafter called a "Driveway Permit", shall be required for the issuance of a building permit as set forth in this chapter. A Driveway Permit shall be required in all instances whether or not construction of any type of structure is proposed where a building permit is required.

4.3 Requirements. Construction of any driveway to a public road, whether closed or open to public use, shall require approval from the Road Agent of the Town of Pittsfield as to placement of said road, necessary drainage, culverts, and any other reasonable requirement as may be deemed necessary by the Road Agent.

## 5 Pre-Existing Conditions

If a lawful structure exists when this ordinance is enacted which should not be allowed under the provisions of this ordinance, the same way nevertheless by continued so long as it remains otherwise lawful and in compliance with the applicable statutes and regulations in effect.

## 6 Enforcement

6.1 Unlawfull Occupancy. Until the Board of Selectmen has approved a Building Permit, which the Board will not do until the foregoing requirements have been met, occupancy of a structure subject to this ordinance shall be unlawful and a violation under New Hampshire Revised Statutes Annotated, Chapter 625.

6.2 Notice of Violation. If the Board of Selectmen become aware of a violation of this ordinance, it shall cause a notification of such violation to be served upon the person or persons committing the violation, stating the essential facts of the violation. After the date of service of said notice each day thereafter shall constitute a separate violation so long as the violation continues. The maximum fine for each violation is defined in New Hampshire Revised Statutes Annotated, Chapter 651, and or as set forth in Chapter One of the MUNICIPAL ORDINANCE.

## 7 Fees

The fee for each Building Permit shall be Ten Dollars (\$10.00) payable at the time of application for the permit.

ARTICLE #13. To see if the Town will vote to accept the following Trust Funds for perpetual care of the following lots at Floral Park Cemetery:

William H. Dodge lot by Gladys E. Dodge	\$300.00
Frank & Ida B. Wheeler lot by Mrs. Gladys Wheeler	\$200.00
Walter Hall lot by Audrey Cote	\$ 25.00
William Hammen lot by Bertha Hammen	\$ 25.00
Silas Page lot by Dolores and Gerald Gilman	\$200.00
French and Green lot by Trustees of Trust Funds	\$ 30.00

ARTICLE #14. To see if the Town will vote to amend the Mobile Home Ordinance adopted on April 3, 1973 as follows:

1. Add the following provision as a new paragraph at the end of Section IX 1.

"Written approval must be obtained from the Building Inspector prior to construction or operation of any sewage and waste disposal systems not requiring approval from the New Hampshire Water Supply and Pollution Control Commission, i. e., self-contained toilets with out running water, including privies and portable chemical toilets."

2. Delete Section IX 2. Minimum Requirements.

3. Delete Section X - Action by Board, and replace with the following:

## SECTION X - APPLICATION PROCEDURE

1. Application for permits shall be made, in writing, to the Planning Board prior to maintaining, establishing, stationing or parking a mobile home or trailer for dwelling purposes. The application shall conform to the specifications contained in this Ordinance, shall be on the form supplied by the Planning Board and shall be accompanied by an application fee, as set by the Board of Selectmen.

2. The Planning Board, before taking formal action, may hold discussions with the applicant, and may confer with Town officials and other parties relative to the application. The Board shall communicate, in writing, to the applicant specific changes, if any, which it will require to the application as a prerequisite to the approval of the application.

3. The Board shall act upon applications within thirty days after receipt thereof by the Secretary of the Board. All decisions of the Board on application shall be in writing. When an application is denied, the reasons shall be set forth specifically."

ARTICLE #15. To transact any other business which may legally come before this meeting.

Given under our hands and seal the 22nd day of February in the year of our lord, Nineteen Hundred Eighty-Four.

Floyd J. Carson, Selectman

Saverio Buatti, Selectman

Leo W. Fraser, Jr., Selectman

CARPENTER MEMORIAL LIBRARY  
ANNUAL REPORT 1983

With the withdrawal of the Bookmobile, N.H. State Library inaugurated the Van Delivery Service, which proved successful for a short while. When the Regional Office had to be closed in the summer, this service also terminated. While Carpenter Library added a sizable number of books at that time (which had to be dispersed by the State) it was with much regret that we viewed the end of this ongoing loan program. The regular borrowing of a large selection of new titles was a source of great pleasure to our patrons, by providing a wide variety of books that the Library budget could in no way afford.

The copier was replaced in February with a newer and far more efficient 3-M machine; copying for the public appears to fill a greatly felt need.

June Chase and Maureen Van Horn took a PLT Course in Library Administration, in the fall, enabling Ms. Van Horn to complete the series of required courses. Susan Starkey substituted capably. Under guidelines from the State Library Commission 6 new Area Library Forums were formed and Ms. Van Horn served as Chair for the Central Area during the year.

We would like to remind the community that film service is still available, book talks may be requested, and suitable displays are welcomed.

As always we must thank our many benefactors; for their donations and support during the year. Special thanks to the family of Beverly Adams for the generous contribution from her Memorial Fund and also to Pittsfield Weaving Company for the substantial gift of a conference table and chairs. The latter makes a handsome addition to the Jenkins Room facility.

"Books we must have though we lack bread."  
Alice W. Brotherton

## COMMUNITY DEVELOPMENT REPORT

1983 brought a mixture of frustration and achievement. At this time last year the Community Development Committee had anticipated that the last year of the Pittsfield Center Improvement Program would be complete by November of 1983. However, soon after Town Meeting the Department of Housing and Urban Development announced that responsibility for the funding of the Program was being transferred to the State. The time consumed by this "transfer" resulting in a six month delay in funding the last year of the Program, from April to September. Thus, much of the work has had to be held over to the Spring of 1984 construction season.

However the year was not without achievements. Most notable of these was the work accomplished at Drake Field. Early in the Program complete renovation of the Field had been ruled out because of deed restrictions that prohibited use of the one grant source, reducing the available funds by half. Refusing to give up, the Drake Field Study Committee asked for contributions of labor, materials and use of machinery - and received an amazing response. To date over \$40,000. in contributions of equipment, materials, labor as well as labor and materials at cost have been received. In brief, these contributions were:

Jack Connor, Catamount Construction - heavy equipment, labor and supervisory personnel at cost for the duration of Project.

Dave Watson, Watson Construction - heavy equipment and labor.

Fred Hast and crew - tree and brush removal

R.C. Foss - brush clipping equipment.

Gordon Johnson and crew, Cricket Hill Nursey - labor, material at cost for sod work.

Cal Farmsworth, Clark's Grain Store - seed and fertilizer at cost.

Ray Webber - equipment and labor at cost.

Ken Osborne - grader at cost.

Sam and Tom Marston - seeding equipment and labor.

Bob Davis - preparation of conceptals and construction plans.

Because of the generosity of these people, and others, the regrading, loaming, seeding and baseball diamond work is essentially complete. Work on the fencing, fitness trail, basketball and tennis courts and installation of play equipment will continue to completion in the Spring. Anyone wishing to contribute to any of these activities can contact Drake Field Committee members: Pat Freeman, Fred Hast, Jack Connor, Brian Buckley, John Genest, Mike Hathaway and Ken Anderson.

The second achievement of the year was under the large-family housing rehabilitation program operated by the Pittsfield Center Development Corporation. Through this program two vacant properties, at 8 and 10 Bridge Street have been renovated into high-quality apartments for Pittsfield families. Both of these properties remain on the tax rolls at a significant increase in revenue. One or two additional properties will be rehabilitated during the next few months.

Street construction this Spring will include the construction of the Cram Avenue Parking Area, relocation of the Broadway Extension and improvements to Cram Avenue, Broadway Street and River Road. This work is expected to be complete sometime during July and will bring to a close the Pittsfield Center Improvement Project. The Community Development Committee again wishes to thank everyone for their support, involvement, and cooperation during the four year duration of the Program.

#### FIRE DEPARTMENT EQUIPMENT

- 1 - 1250 Gallon Pumper (1980)
- 1 - 750 Gallon Pumper (1964)
- 1 - 1200 Gallon Tank Truck (1968)
- 1 - Forest Fire Truck (1949)
- 1 - 85 Foot Aerial Ladder (1948)
- 1 - Rescue Truck (1969)
- 1 - 4x4 Forestry Truck (1954)
- 1 - 14 Ft. Rescue Board w/trailer
- 1 - Rescue Sled
- 10- Scott Air Packs
- 1 0 Resuscitator
- 1 - 1000 Watt Lighting System
- 1 - Smoke Ejector
- 1 - Rescue Saw
- 1 - Ice Rescue Suit
- 1 - Fold-a-Tank
- 1 - Hose washer
- 1 - Hose Drying Hoist & Rack
- 1 - 3000 Watt Lighting System

# PITTSFIELD FIRE DEPARTMENT REPORT

The total calls for the year were 235 with an average response time of 2.8 minutes. In addition to answering calls, various other activities were held during the year including, our two annual raffles, dances, training sessions, sale of Christmas Trees by the Explorers and Rescue Squad Suppers. Our Explorer Group is still proving to be a valuable addition to our department with two members becoming regular members of the department this past year. The group is open to anyone between the age of 14 - 20 interested in firefighting or rescue. We also would welcome anyone interested in becoming a fire department member. In closing, we would like to thank all of you for your continued support of our activities and also in helping to keep Pittsfield a fire safe community in which to live.

In reporting a fire or medical emergency. Call 225-3355 which is our Central Dispatch number.

Respectfully submitted,  
Frederick T. Hast, Chief

## FORREST B. ARGUE MEMORIAL POOL REPORT

The Forrest B. Argue Memorial Pool had a very good season. Swimming lessons were given by Heidi Bedell, Penny Bedell and Lurene Riel. Helpers were Michele Cote, Lisa Fries and Pam Mahanna.

Pool day was held on August 28th. Trophies were given for winners of races, diving and ground activities. We also held sand castle contests each Friday. On Pool Day we served hot dogs and tonic for the children and their parents. A great time was had by all. Mr. Pool and Miss Pool were selected by the Judges.

We entered a float in the Old Home Day Parade and won a trophy. All the children and personnel made it all possible. Thanks to Red and White and the Rich Plan for their help and donations.

## REPORT OF PITTSFIELD POLICE DEPARTMENT

I am pleased to report Deputy Chief, David Mancini, became full-time certified officer after ten weeks of training at the New Hampshire Police Academy. Three new part-time officers were hired and all are part-time certified as required by law.

Myself and three other officers on our own time and at our own expense attended Radar Speed Measurement Training. This teaches one to better understand the radar unit. I expect all other officers to take this course in 1984. Speed and drinking are two major causes of accidents. Our goal is to decrease both and save lives.

Adult crimes have decreased whereas juvenile problems have increased. Much investigation has been done reference drug problems; with some results and it is expected to further decrease in 1984.

Deputy Chief Mancini is still working with a diversion committee.

I have been asked how can criminal mischief be eliminated and why does it happen. I believe too much spare time and insufficient parental guidance is the cause. I believe there is no solution that can guarantee an elimination of that particular problem.

I would like to thank the Pittsfield people and Selectmen for their co-operation. To reduce crimes and promote safety all parties must work together.

Respectfully submitted,  
David B. Greenwood, Chief

## SELECTMEN'S REPORT

As you know the Selectmen began semi annual tax collection in 1983. This system has had a positive impact on the cash flow of the Town. With the old system, there was a trend of increasing cost of borrowing funds to operate on as well as increasing amounts of uncollected taxes at year end. In 1982 the net cost to borrow money to operate with was approximately \$24,000. The 1983 net cost to borrow with the new semi annual billing was approximately \$1,200. We predicted reduction in the cost but didn't expect such a dramatic effect the first year. Hopefully the situation will only improve the financial aspects of the Town. The Board thanks the taxpayers of Pittsfield for cooperating with this new program.

Another benefit of the semi annual tax collection is a reduced, or more "livable" payment for the taxpayer during the Christmas season with the first half tax payment due in the spring after the heating season.

In comparison, uncollected current year taxes for 1982 was at 73% at year end compared to over 83% for 1983. A tremendous improvement over the previous trend of declining or "slow" collections.

The Board would like to remind you that with the implementation of semi annual tax collection, your tax liabilities has not changed, only the billing system has changed. Basically, the person who owns property as of April first of the tax year is responsible for both tax bills for that year.

A new highway garage was constructed this summer at a cost of \$112,700., of which \$95,000 will be paid for in the next five years. The new 5600 square foot facility provides space enough to store all equipment inside and to perform numerous repairs that were formerly sent to repair shops outside of the area at an increased cost. Some extensive repairs that may occur will still need to be sent out due to their nature.

The building, which was completed and occupied in late October, includes a shop and maintenance bay, a small office and lunch room. The heating system is comprised of a hot air oil furnace and wood furnace. As of the first of February approximately 400 gallons of oil was consumed in addition to approximately 4 cords of wood to heat the facility. Projects yet to be completed in the building are a fire detection/protection system and ceiling fans to recirculate heat. The sander shed at the old building has yet to be moved along with other stored materials. Salt is still presently being stored in the old garage.

The Johnson Road reconstruction project was completed last summer. The project greatly enhances the area as well as making it a much safer road for the school bus and area residents. The project was funded by Town Road Aid and Highway Subsidy funds provided each year by the State of New Hampshire.

Less than three miles of asphalt road were treated this year with liquid tar, which is necessary to prevent premature deterioration. It is proposed for 1984 to shim and seal coat Tilton Hill Road, Crescent, Blake and Joy Streets. In order to preserve our asphalt roads a continuous sealing program must be maintained.

In 1983 and past years the Board has received several complaints and requests concerning dust control on gravel roads. As road reconstruction projects are planned in different areas, the Road Agent tries to use the best suitable materials available within the budget constraints. Using a good crushed gravel helps minimize dust but does not prevent it. As the cost of waste oil has sky rocketed the oiling program was phased out as a way of helping to control costs. In preparation for the 1984 budget serious thought was given to the use of calcium chloride and different methods of applying it. This will be a subject as the 1984 Town Meeting for the taxpayers to decide.

The State of New Hampshire has revamped its highway aid programs and has come up with one program called Highway Block Grant Aid to be used for highway maintenance and construction. The Board has decided to apply a portion of the funds to the Town Maintenance budget, while committing the remaining funds to highway reconstruction projects. After several discussions with the Road Agent it was decided to apply these funds to a section of Berry Pond Road, Clark Street and the first phase of Lyford Hill and Leavitt Road. The first phase of the Lyford Hill project is to install proper surface and subsurface drainage to stabilize the road bed. In following years the project will include widening and rebuilding, resurfacing and installing a sidewalk as funding permits.

Prior to the opening of the 1983 Town Meeting the town received from Bicentennial Committee the sum of \$5,000. as a gift to the Town from the proceeds of the Bicentennial Celebration. Because the funds were not voted and accepted at the Town Meeting they could not be included as revenue in the 1983 budget. However, the Department of Revenue Administration has allowed that the funds could be accepted as a grant and expended not involving any other town tax funds. The Board held a public hearing as provided by state statute and the 1983 Town Meeting warrant and proposed to use the funds to revitalize the Forest Argue Memorial Pool in conjunction with the Pittsfield Rotary Club. The major part of the program is to build a new pool house and then to repair and improve the grounds. The Rotary Club has already begun to remove brush and dead trees on the back side of the pond to help keep the water in the pool cleaner.

After the pool house has been moved the Town plans to straighten Clark Street to remove the hazardous corner in front of the pool entrance.

In the spring of the year a micro computer was purchased for use in the Selectmen's Office. The equipment has been used to do the resident tax and sewer user bills, the voter checklist and payroll applications. Beginning with the 1984 property tax bills it will be used to maintain the property tax billing. In time the bookkeeping system will be installed on the system.

The Selectmen have again recommended to deposit funds into a capital reserve fund for renovation or construction of a municipal building. At this point the Board had hoped for a report from the State as to what would be required to accredit the Pittsfield District Court facilities. The Town worked hard to obtain the district court and would not like to see it be relinquished because of inadequate facilities. Having the district court in town results in the savings of hundreds of man hours for the police department by not having to travel to Concord to prosecute cases and a greatly reduced waiting time to prosecute the cases.

The District Court has also been building a reserve fund for the same purpose. Although the funds available are not tremendous, they should supplement what funds the town makes available. The Town Hall is in need of some basic structural repairs and it would be most advantageous to make the necessary repairs in one complete thorough project.

One last comment concerning the 1984 Budget, the Selectmen have prepared a concise and well thought out budget for the 1984 Town Meeting. The budget presented maintains the current level of services with the best efficiency possible and also attempt to plan for the future in the most cost effective manner. The Board hopes that you will continue to support them and their endeavors to plan for Pittsfield's future.

Remember, if you have any recommendations, complaints or criticism, the Board will be more than happy to sit down and discuss them with you.

TOWN CLERK REPORT

For The Year Ending - December 31, 1983

1983 Auto Permits	\$92,465.00

TOWN AUDITOR'S REPORT

We hereby certify we have examined the accounts and books of the Tax Collector/Town Clerk, Town Treasurer, Trust Funds, Selectmen, Library Trustees, and District Court and find them correct and properly vouched and cast, with the exception of minor clerical errors.

Respectfully submitted,  
Louis J. Houle III  
William P. Fraser  
Auditors, Town of Pittsfield

MINUTES OF THE ANNUAL TOWN MEETING  
TOWN OF PITTSFIELD  
MARCH 8, 1983

Moderator, Henry F. Stapleton, called the meeting to order at 8 P.M. at the Greenleaf Auditorium.

Florence Freese spoke on behalf of the Bicentennial Committee and thanked everyone for their help and support in making Pittsfield's celebration a tremendous success. Because it was so successful, Mrs. Freese presented a check for \$5,000. to the Town from the proceeds. Selectman, Floyd Carson, gratefully accepted the check on behalf of the Town.

Leo Fraser made a motion we dispense with the first reading of the warrant and John Barto seconded. Voted affirmative.

ARTICLE #2. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend money from the State, Federal or any other Governmental unit or private source which becomes available during the year in accordance with the property with the aforementioned funds.

Floyd Carson made a motion we accept the article as read and John Barto seconded. Voice vote affirmative.

ARTICLE #3. To see if the Town will accept if awarded a \$351,000. Federal Grant from the U.S. Department of Housing and Urban Development - Small Cities Comprehensive Community Block Grant Program to fund the third and final year of the Pittsfield Center Neighborhood Improvement Program.

John Barto made a motion we accept the article as read and Leo Fraser seconded. Voice vote affirmative.

ARTICLE #4. To see if the Town will vote to authorize the Selectmen to sell, rent, or lease any or all property acquired by Tax Collector's Deeds, or any other source, and to administer said property as they deem in the best interests of the Town.

Roland Drolet moved we accept the article as read and John Barto seconded. Voice vote affirmative.

ARTICLE #5. To see if the Town will vote to authorize the prepayment of property taxes and to authorize the Tax Collector to accept prepayments as provided by RSA 80:52-a.

Leo Fraser made a motion we accept the article as read and Roland Drolet seconded. Voice vote affirmative.

ARTICLE #6. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of 1983 taxes, the same

to be repaid with that years levy.

Floyd Carson made a motion to accept the article as read and John Barto seconded. Voice vote affirmative.

ARTICLE #7. To see if the Town will vote to authorize the Tax Collector/Town Clerk to appoint a deputy, in accordance with RSA 41:38.

Leo Fraser made a motion to accept the article as read and John Barto seconded.

Floyd Carson explained that if the present Tax Collector/Town Clerk is sick or on vacation, there is no one to take her place. This article will enable her to appoint a deputy subject to the approval of the Selectmen. There is no extra compensation for this deputy, the money comes from the existing Tax Collector/Town Clerk's salary. Voice vote affirmative.

ARTICLE #8. To see if the Town will vote to authorize the Treasurer to appoint a deputy, in accordance with RSA 41:29-a.

James Blake made a motion we accept the article as read and Roland Drolet seconded. Voice vote affirmative.

ARTICLE #9. To see if the Town will vote to go on record in support of immediate actions by the Federal Government to control and reduce acid rain which is harmful to the environment and economy of Pittsfield and to the health and welfare of the people of Pittsfield. These actions shall include:

1. Reduce by at least half the major cause of acid rain, sulfur dioxide emissions, by the year 1990.
2. Conclude negotiations and adopt a treaty with the government of Canada that will commit both nations to this same goal.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation and to the President of the United States. (By petition)

John Barto moved we accept the article as read and John Teague seconded.

Dr. Argue asked how feasible a 1990 deadline is.

John Barto said the Congressional Delegation believes it is most reasonable and they have all spoken in favor of this particular article which is on many town meeting warrants throughout the State today. They would like to see it passed because it would strengthen their position in trying to get national legislation.

Canada is most eager to adopt the treaty mentioned in the article.  
Voice vote affirmative.

ARTICLE #10. To see if the Town will vote to show its support for enactment, by the legislature, of a bill mandating returnable beverage containers - the so-called "bottle bill". (By petition)

Senator George Freese made a motion that Article #10 be indefinitely postponed and Ed Hill seconded.

Senator Freese said there are 3 so called "bottle bills" floating around the House and Senate. This particular bill is Senate Bill 30. Mr. Freese said he definitely was in favor of cleaning up our roadsides of bottles and cans, but we need legislation that is not just for bottles and cans but for all roadside debris. He further stated that he is co-sponsor of legislation that would include an education program, litter clean-up, collections, recycling and enforcement. A litter type bill is working well in other states at a fraction of the cost of the "bottle bill". He recommended that we postpone any favorable action on this article.  
Voice vote to postpone affirmative.

ARTICLE #11. To see if the Town will vote to appropriate and authorize the withdrawal from Federal Revenue Sharing Funds for use as set-offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any action hereon:

A. Police Mobile Radio	\$ 1,381.00
B. Highway-Mowing Equipment	8,000.00
C. Data Processing Equipment	6,500.00
D. Capital Reserve Fund-Highway Equipment	10,000.00
E. Capital Reserve Fund-Municipal Building- Renovation/Construction	7,000.00
F. Capital Reserve Fund-Police Cruiser	2,500.00
(Recommended by the Budget Committee)	

Leo Fraser made a motion we accept the article as read and Laura Hildreth seconded.

Gilbert Bleckmann asked if this \$7,000. was subject to a 2/3 vote of the Town to change its use.

Mark Fraser said it would require a 2/3 vote to change.

David Adams asked what type of data processing equipment was being considered.

Mark Fraser said they are looking at a small business computer which would handle the tax billing, sewer billing, and resident tax bills. At the present time it costs the Town approximately \$2,200. a year for these services. Also, we would be able to do

bookkeeping, budget reporting, check writing, accounts payable, etc.

Susan Davis asked what the \$8,000. under Mowing Equipment is intended for.

Mark Fraser said last year the road agent requested some funds for a new mowing machine to replace our present tractor which is about 20 years old and it is getting more difficult to get parts for. We are looking at a 4 wheel drive tractor with a rotary mower to mow parks, etc. that the town maintains. Also, we pay about \$1,000. a year to have the roadsides mowed and we could use this tractor for this purpose. Hopefully it could be utilized year round by using it in the winter months to plow the sidewalks. Our present sidewalk plow is about 20 years old and we could extend its useful years by using it only for heavy snow storms.

Discussion followed regarding the amount of money being appropriated and the size of the tractor being purchased. Several expressed the opinion that the type of tractor you could purchase for this amount would be too light to do the required jobs properly. Also, this price does not include a plow which is estimated at \$750.

Douglas Blackwood asked if there was a specific time limit on spending this money in the Revenue Sharing Fund.

Mark Fraser said we have two years to obligate the money to a specific purpose but have an indefinite time to actually spend.

Moderator called for a voice vote on Article #11 and it was affirmative.

ARTICLE #12. To see if the Town will vote to authorize the establishment of the following Capital Reserve Funds contingent upon the approval of the use of Revenue Sharing Funds:

- |   |             |
|---|-------------|
| A. Highway Equipment                          | \$10,000.00 |
| B. Municipal Building-Renovation/Construction | 7,000.00    |
| C. Police Cruiser                             | 2,500.00    |
- (Recommended by the Budget Committee)

Leo Fraser made a motion we accept the article as read and Roland Drolet seconded.

Gilbert Bleckmann asked if Item B referred to the existing Town Hall and the answer was "yes". Voice vote affirmative.

ARTICLE #13. To see if the Town will vote to raise and appropriate the sum of One Hundred Twelve Thousand Seven Hundred Dollars (\$112,700.00) for the construction of the highway garage facilities of which \$17,700.00 plus interest, will be withdrawn from the Capital Reserve Fund-Highway Garage; and a maximum of

Ninety-Five Thousand Dollars (\$95,000.00) would be raised by bond issue, as authorized by RSA 33, and to authorize the Selectmen, at their discretion, to fix the dates, maturities, denominations, the interest rate, the place of payment, the form, and other details of said bonds and of providing for the sale thereof. (Recommended by the Budget Committee)

Moderator announced that he has received a petition with the required amount of signatures requesting a secret ballot. Also, since this is a bond issue it will require a 2/3 vote in favor of to pass.

Leo Fraser made a motion to accept the article as read and Floyd Carson seconded.

Chester Francis, Chairman of the Budget Committee, said the committee recommended it with a five year limit on the loan.

Mark Fraser said we would save about \$22,000. in interest by going with the five year term versus the ten year plan. He further stated that a new bond issue at this time would not cause a great additional burden on the taxpayer because the Town is retiring two bond notes in 1983 and one more in 1984.

Floyd Carson explained the type of construction, size, maintenance costs, etc. of the proposed new facility. Also, said present structure could not be expanded but would be utilized as storage and salt shed.

Dr. Argue asked if the building was designed for future expansion.

Floyd Carson said it was designed so we could add on in the future if needed for the court, police department, etc.

Gilbert Bleckmann said he felt the Town should have a master plan to schedule their finances over the next 10 to 15 years.

Mark Fraser said there is a plan on file at the present time and the highway garage is included in this plan for the year 1990, but it would be an almost impossible situation to wait this long. The plan has to be revised or altered depending upon the current needs of the Town.

Moderator Stapleton announced the polls would be opened and this article would need a 2/3 vote in favor of to pass. Polls opened at 9:25 p.m. Elizabeth Hast, Dolores Francis, Arnold Wells, Roberta Maxfield, Florence Freese, and Roland Drolet served as ballot officials. Moderator declared the polls closed at 9:40 p.m. Results: Yes 119 - No 35. Article carried.

ARTICLE #14. To see if the Town will vote to raise and ap-

propriate the sums of money recommended by the Budget Committee to defray Town expenses for the year ensuing or pass any motion related thereto.

Chester Francis made a motion that we raise and appropriate the sum of \$839,082. as recommended by the Budget Committee to defray Town expenses for the year ensuing. Leo Fraser seconded.

Laura Hildreth - "Whereas the School District proposes an average wage increase of 8% for School District employees, I move that the Town budget be increased by \$13,795.23 to reflect an 8% cost of living increase for Town employees". George Freese seconded.

Floyd Carson said in an effort to keep the budget down this year, the Selectmen did not ask for any salary increases for Town employees. The Selectmen sent a letter to the Budget Committee requesting that if the School District employees were getting an increase, the the Town employees should be treated equally. There is a proposed increase for wages included in the school budget, therefore, we feel that the Town should be given the same consideration.

James Blake asked where it was authorized to increase the Tax Collector/Town Clerk's salary to \$11,200. this year.

Floyd Carson said the additional \$1,200. was to compensate for the additional work created by the semi-annual tax billing starting this year.

Discussion continued.

Moderator called for a vote on the amended motion to increase the recommended Budget Committee amount by \$13,795.28 to reflect an 3% cost of living increase for Town employees. Amendment defeated by voice vote.

Leo Fraser made a motion to amend the budget committee amount to \$845,982. which represents a 4% cost of living increase for Town employees. Laura Hildreth seconded. Amended amount defeated by voice vote.

Moderator then called a vote on the original amount of \$839,082. which represents the Budget Committee's figure. Voice vote affirmative.

ARTICLE #15. To see if the Town will vote to amend the Municipal Traffic Ordinance of 1939 by adding section 9 to Article V, as provided by RSA 31:42, as follows:

Section 9: Electronic Game Machines, Pin Ball Machines, Pool Tables or any coin operated Amusement Device.

a) Definitions:

1) Electronic Game Machines: Any type of electrically operated, pre-programmed, display producing game of skill or chance.

2) Pin Ball Machines: Any type of electrically or manually operated, display producing game of skill or chance utilizing metallic or synthetic balls.

3) Pool Tables: Any type of table game utilizing balls the action of which is controlled by a player utilizing a cue stick.

4) Minor: Any person under the age of 16 years, as it applies to this section only.

b) License Application Requirements: A license for operation shall be issued by the Board of Selectmen to the person who makes application on a form prescribed by the Board of Selectmen. Such license shall be issued upon satisfying the following:

1) Approval by the Chief of Police that the applicant is a suitable person to have such a license.

2) Payment of appropriate fee: \$10.00 for up to 10 machines - \$50.00 for 10 machines or more.

c) Hours of Operation:

1) No licensee shall allow the operation of any Electronic Game Machine, Pin Ball Machine, Pool Table, or any coin operated Amusement Device between the hours of 1 A.M. and 8 A.M.

d) Exceptions:

1) No minor shall be allowed to operate an Electronic Game Machine, Pin Ball Machine or Pool Table between the hours of 8 A.M. and 3 P.M. on any school day, unless accompanied by a parent or guardian.

2) No minor shall be allowed to operate an Electronic Game Machine, Pin Ball Machine or Pool Table after 9 P.M. Sunday through Thursday, unless accompanied by a parent or guardian.

3) No minor shall be allowed to operate an Electronic Game Machine, Pin Ball Machine or Pool Table after 10 P.M. Friday and Saturday, unless accompanied by a parent or guardian.

e) Violation: Penalty - Any violation of the provisions of this ordinance shall subject the licensee to a fine not more than \$100.00.

f) Suspension/Revocation of License:

1) The Board of Selectmen may suspend, for a period no longer than 15 days, all licenses issued to the licensee upon conviction of a violation of the provisions of this ordinance.

2) The Board of Selectmen may revoke all licenses issued to the licensee upon a second or subsequent conviction of a violation of the provisions of this ordinance.

3) The Board of Selectmen may suspend or revoke all licenses issued a licensee upon recommendation by the Chief of Police that said licensee has become an unsuitable person to hold such a license.

g) Term: Each issued license shall be good for one year from date of issue.

Kenneth Garland made a motion we accept the article as read and Roland Drolet seconded.

Floyd Carson said the Police Department had recommended this article because of the increase in juvenile delinquency since the game room opened.

Discussion followed with some of the folks living close to the game room defending the article, while others felt the parents of the delinquent children should be the ones to be fined. Voice vote affirmative.

ARTICLE #16. To see if the Town will vote to accept the following Trust Funds for perpetual care of the following lots at Floral Park Cemetery:

Albert Cheney lot by Gladys M. Reed	\$150.00
Cleon R. Plante lot by Ruth R. Plante	\$300.00
Ines B. Adams lot by Ines B. Adams	\$350.00
David J. Drew & Family lot by Hugh M. & Ellen Kenny	\$300.00
Brown-Mower lot by W. Palmer Day	\$200.00

Steven Davis made a motion we accept the Trust Funds as read and John Barto seconded. Voice vote affirmative.

ARTICLE #17. Senator George Freese made a motion to see if the Town will vote to show its support for enactment by the legislature, of a bill creating a comprehensive recycling, solid waste disposal litter control act, known as LSR 1078. John Barto seconded. Voice vote affirmative

John Barto made a motion we adjourn and Arnold Wells seconded. Vote affirmative at 11:05 p.m. Officers present were sworn in.

Respectfully submitted,  
Elizabeth A. Hast, Town Clerk
